Namma Space: Additional Links and Prototypes

Techfest 2026-27, IIT Bombay | Round 1 | [Team ID: ____]

Item	Link
Web Viewer (free-roaming, zero-install)	https://the-harsh-vardhan.github.io/namma-space/
Code Repository (setup instructions + sample data in test directory)	https://github.com/The-Harsh-Vardhan/namma-space
Demonstration Video (3-5 min)	[DEMO_VIDEO_URL_HERE]

How to use the web viewer

- Open the Web Viewer link in a desktop browser (WebGL2). Click the scene to capture the mouse.
- **W A S D** to walk, mouse to look, **Space / Shift** for vertical movement, **Esc** to release the mouse.
- To load another model: append `?model=<url>` to the link, or drag and drop a `.ply`, `.splat` or `.ksplat` file onto the page.

Other documents in the Drive folder

- Technical_Abstract.pdf
- Additional_Links.pdf (this document)
